Skier Triggered Avalanche in Beehive

Beehive Basin Northern Madison 1/6/2019 Code SS-ASc-D1 Latitude 45.33970 Longitude -111.39500

From email: "We did set off one small <u>slide</u> on a steep slope skiing back into Beehive from the Middle Ridge. It was approximately 1 foot deep, 20 feet across and ran ~50 feet. It was very predictable and my partner got it to run after stomping on the slope."
